The Association of the Mediterranean Chambers of Commerce and Industry is the international association that represents the private sector of the Mediterranean, regrouping the Chambers of Commerce and Industry and similar entities of both shores of the region. The Association has presence in Africa, Asia and Europe.

The Association is the voice of the Chambers of Commerce and companies of the Mediterranean before the major institutional, economic and multilateral actors, helping the Chambers to promote themselves and participate with their own voice in the key areas of Mediterranean development and offer a coordinated collaborative response.

The organization promotes the Mediterranean economy in the world, contributes to the economic and social development of the region and strongly encourages Euro-Mediterranean economic integration, through the essential role played by the private sector.

Nowadays, we occupy a prominent place in the field of cooperation between Chambers of Commerce, cities, and companies in the Mediterranean and with other regions in the world.
